Dear Lisa:

RE: 2010 Winter Games - Sustainability Star

During a recent preview of our upcoming 3rd Sustainability Report I had the good fortune to be reminded of the innovative action your organization has taken in the area of sustainability. I wanted to personally congratulate you and your organization for being awarded a Sustainability Star. Requiring in-depth scrutiny and review by Jury, I know this award is not easily attained.

When the World comes to Vancouver and Whistler in less than 30 days they will not only witness fantastic venues, unmatched natural beauty, and amazing athletic performance; they will experience unsurpassed sustainable innovation. The leadership within your organization that spearheaded the VANOC Transportation Click, Park and Ride System initiative has ensured that your organization will be recognized above and beyond the others. You stand out and we are pleased to be able to recognize you.

Congratulations.

Yours truly,

Donna Wilson
